How to create POLIMI credentials

Register for POLIMI Credential

Fill the form on the **registration page**: enter your personal data.

Politecnico di Milano registration step 1/4

Identification Data

| | | |
|---------------------------|---|----------------------------|
| Surname | <input type="text"/> | No surname |
| Name | <input type="text"/> | |
| Sex | <input type="radio"/> M <input type="radio"/> F | |
| Date of birth | <input type="text"/> dd / <input type="text"/> mm / <input type="text"/> yyyy | dd/mm/yyyy |
| Country of birth | <input type="text"/> | |
| Province of birth | <input type="text"/> | |
| Place of birth | <input type="text"/> | |
| Place of birth not listed | <input type="text"/> | |
| Citizenship | <input type="text"/> | |
| Other citizenship | <input type="text"/> | |
| Tax code | <input type="text"/> | |

Personal email

| | | |
|-------------------------|----------------------|--|
| Personal e-mail address | <input type="text"/> | Compulsory data At this address you will receive communications regarding registration and authentication, in particular those for recovering the Polimi password or deactivating 2FA. Furthermore, this address will be used to send communications if the Polimi address is not available. |
|-------------------------|----------------------|--|

Fill the form,
then click on Next

Register for POLIMI Credential

Set the password

Information

A registration confirmation message has been sent to the email address you provided. The message also contains your Personal Code as a reminder.

Registration at the Polytechnic University of Milan, step 4/4

Setting the password

Password

Repeat password to confirm

Continue

Password Rules

The password must meet the following criteria:

- be at least 8 alphanumeric characters long
- contain at least 2 numeric characters
- contain at least 2 alphabetic characters
- contain at least 1 uppercase alphabetic character
- differ from the previous password by at least 4 characters
- differ from the last 10 passwords used
- differ from a password used in the last 13 months

Set the password,
then click on **Continue**

4

Register for POLIMI Credential

Now you get your Person code (an 8-digit number) that you can use for login in.

Information

Registration completed successfully.
The password has been correctly defined

Identification codes

The person code is your university identifier and, together with the relative password, allows you to use various university services. Keep it.
Person code: 11208272

To print the registration click on the link shown

Print

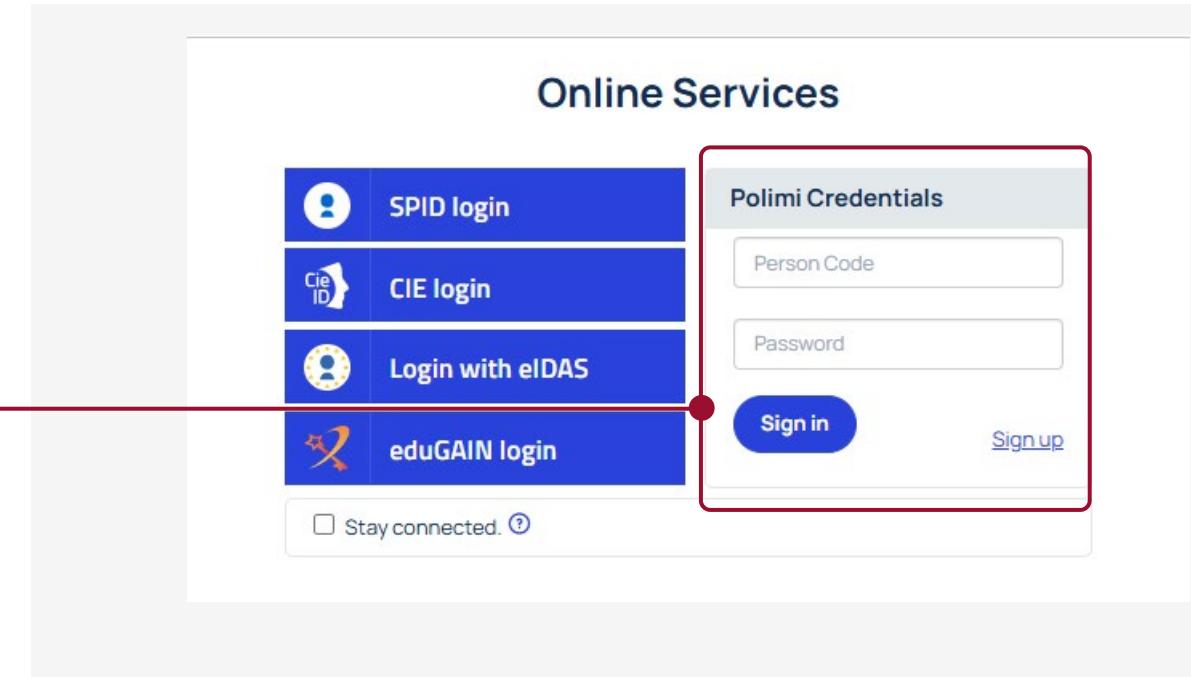

Continue

Copy the person code so you can immediately proceed with login, then click on Continue

Register for POLIMI Credential

You will be redirected to the login page:

login using your Person code and your password
to access the Online Services

You're almost there!

You need to **activate 2 factor authentication (2FA)** and then you can start browsing POK. 2FA adds a layer of security to your personal space and protects you from fraudulent access in the event that your Polimi credentials are stolen.

The 2FA activation only takes a little bit of time, but it is not difficult! We will go through it in the next slides😊

2FA Activation

When you login to online services with credential just created, you will be asked to activate the 2FA.

After entering your credentials, you will be redirected and asked to use SPID or CIE:

1. expand the box below "Do you have problems with SPID or CIE?"
2. use the link "Declare and continue without SPID/CIE"

In the 2FA Activation page:

1. expand the box below "Can't use SPID or CIE?"
2. enter a text describing your problem in using SPID or CIE like "Not Italian citizen"
3. Click on **Declare and continue**

Servizi online

⚠ As an Italian citizen, you are obliged to access the Online Services through a SPID or CIE identity.

Back to Login

* Do you have problems with SPID or CIE?

You can temporarily activate Polimi two-factor authentication (2FA Polimi) following your declaration.

[Declare and continue without SPID / CIE](#)

2FA two-factor authentication activation

Access to Online Services requires the activation of two-factor authentication (2FA), also known as two-step verification. 2FA adds a layer of security to your personal space and protects you from fraudulent access in the event that your Polimi credentials are stolen.

2FA SPID/CIE/eIDAS

By activating this function you protect yourself from fraudulent access in the event that your Polimi credentials are stolen, as access to services is granted only to Once SPID/CIE/eIDAS 2FA has been activated, you will be able to access online services via:

- any SPID identity (Poste, Sielte...) in your possession
- CIE
- eIDAS

The University credentials will in any case remain valid and useful for the configuration and use of some services (see [frequently asked questions](#)).

To use this function log out and re-enter the Online Services using SPID, CIE or eIDAS.

Enable 2FA SPID/CIE/eIDAS

▼ Can't use SPID or CIE?

You can temporarily activate **Polimi two-factor authentication via APP**. To access the Online Services you will need to enter, in addition to your University credentials, a One Time Password (OTP) generated by an APP installed on your device. **To continue** indicate the reason why you cannot use SPID or CIE.

Indicate the reason

Declare and continue

2FA Activation

Scroll down the page and reach the 2FA Polimi section

Select the option **Enable 2FA Polimi**

2FA two-factor authentication activation

Access to Online Services requires the activation of two-factor authentication (2FA), also known as two-step verification. 2FA adds a layer of security to your personal space and protects you from fraudulent access in the event that your Polimi credentials are stolen.

2FA SPID/CIE/eIDAS

By activating this function you protect yourself from fraudulent access in the event that your Polimi credentials are stolen, as access to services is granted only to SPID, CIE or other eIDAS federated identities. Once SPID/CIE/eIDAS 2FA has been activated, you will be able to access online services via:

- any SPID identity (Poste, Sielte...) in your possession
- CIE
- eIDAS

The University credentials will in any case remain valid and useful for the configuration and use of some services (see [frequently asked questions](#)).

To use this function log out and re-enter the Online Services using SPID, CIE or eIDAS.

Enable 2FA SPID/CIE/eIDAS

2FA Polimi

Activating this type of 2FA means that the Polimi credentials (or the eduGAIN federated credentials) are made more secure by entering an OTP (one-time password) required after login.

Once you have activated 2FA Polimi you will be able to access the online services using the method you prefer and available to you:

- Polimi credentials followed by OTP
- eduGAIN followed by OTP (only people from other universities)
- SPID or CIE
- eIDAS

Enable 2FA Polimi

Click on
Enable 2FA Polimi

Enable 2FA Polimi

1. Install an OTP (One Time Password) generator on your smartphone

Here are the main OTP generator apps available in the stores for:

- Android and iOS: Google Authenticator (recommended), Vip Access, FreeOTP Authenticator
- Windows (Phone and 10 Mobile): Microsoft Authenticator (recommended), Authenticator G, OTP Manager

2. Add the Polimi account in the OTP generator app

- Open the OTP generator.
- Select the option to add a new account; the app will ask you to scan a QR code.
- Scan the QR code you see below:

Alternatively, you can configure the account manually.

[Create the account manually \(Show >>\)](#)

3. To conclude

Enter the OTP provided by the generator and press Confirm.

| | |
|----------|----------------------|
| OTP Code | <input type="text"/> |
|----------|----------------------|

[Cancel](#) [Confirmation](#)

2FA Activation

Download and install one of the Apps required to generate the OTP code:

- Android and iOS:
Google Authenticator (recommended),
Vip Access, FreeOTP Authenticator
- Windows (Phone e 10 Mobile):
Microsoft Authenticator (recommended),
Authenticator G, OTP Manager

Follow the wizard to generate the OTP, then select Confirmation to complete the activation

YOU HAVE COMPLETED THE ENABLING PROCESS!

Now you can finally access POK 😊

Your POK profile

Fill out your profile with the **requested information**;
then agree to the **privacy policy** and **terms of service** (required to access courses).

The screenshot shows a user interface for updating a profile. On the left, a sidebar lists profile categories: General, User picture, Additional names, Interests, Optional, and More information. The More information section is expanded, showing fields for Gender, Date of birth, Highest level of education completed, and Employment Status, all marked with a red asterisk indicating they are required. On the right, a main content area shows two stacked boxes. The top box is titled 'Privacy Notice' and contains the text: 'Please refer to the full [Privacy Notice](#) if you would like to review the text.' Below is a checkbox labeled 'I agree to the Privacy Notice *'. The bottom box is titled 'Terms of Service' and contains the text: 'Please refer to the full [Terms of Service](#) if you would like to review the text.' Below is another checkbox labeled 'I agree to the Terms of Service *'. At the bottom of each box are 'Next' and 'Cancel' buttons. A red line connects the 'More information' section to the 'Privacy Notice' box, and another red line connects the 'Terms of Service' box to the 'Update profile' button in the bottom left of the main content area.

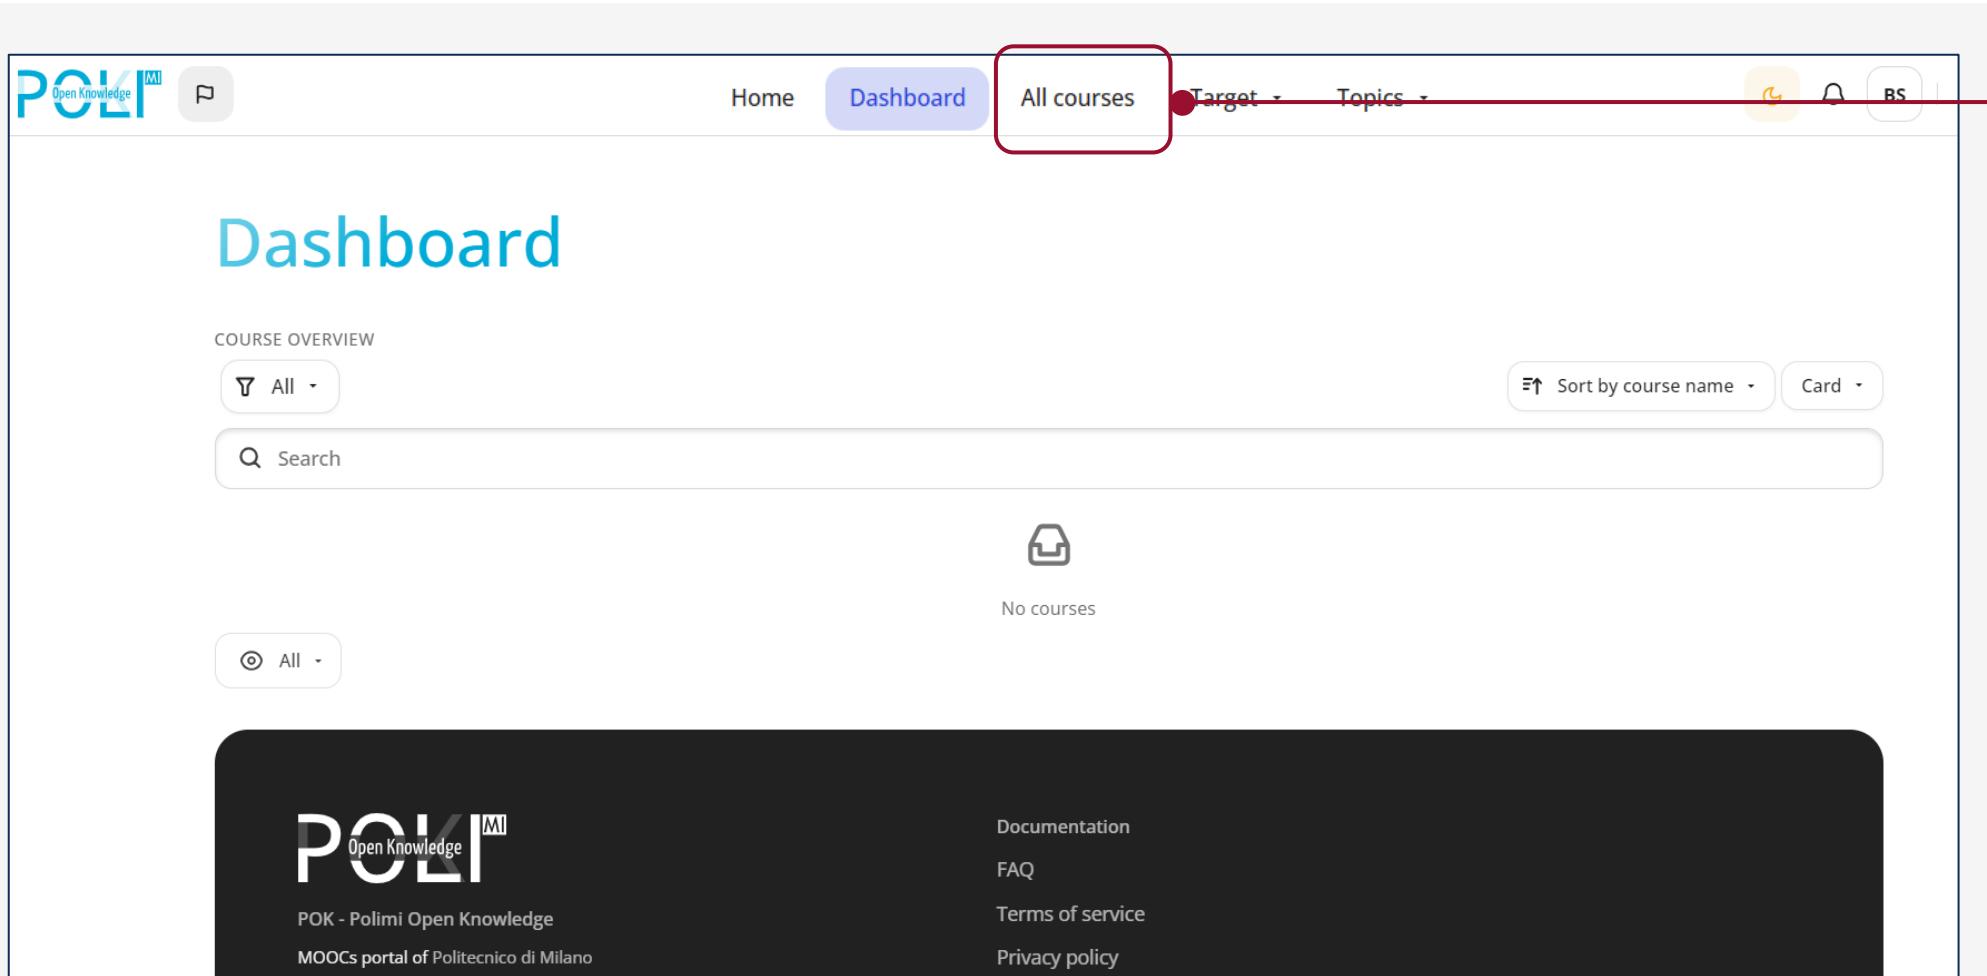

Fill out the form
And click on
Update profile

Give your consent
using the 2 buttons,
then click on **Next**

Your Dashboard ...Enjoy your learning experience!

Here you are in your **Dashboard** at last! It's empty now - it's time to fill it with your courses.

Move to **All Courses** page to navigate all available courses.

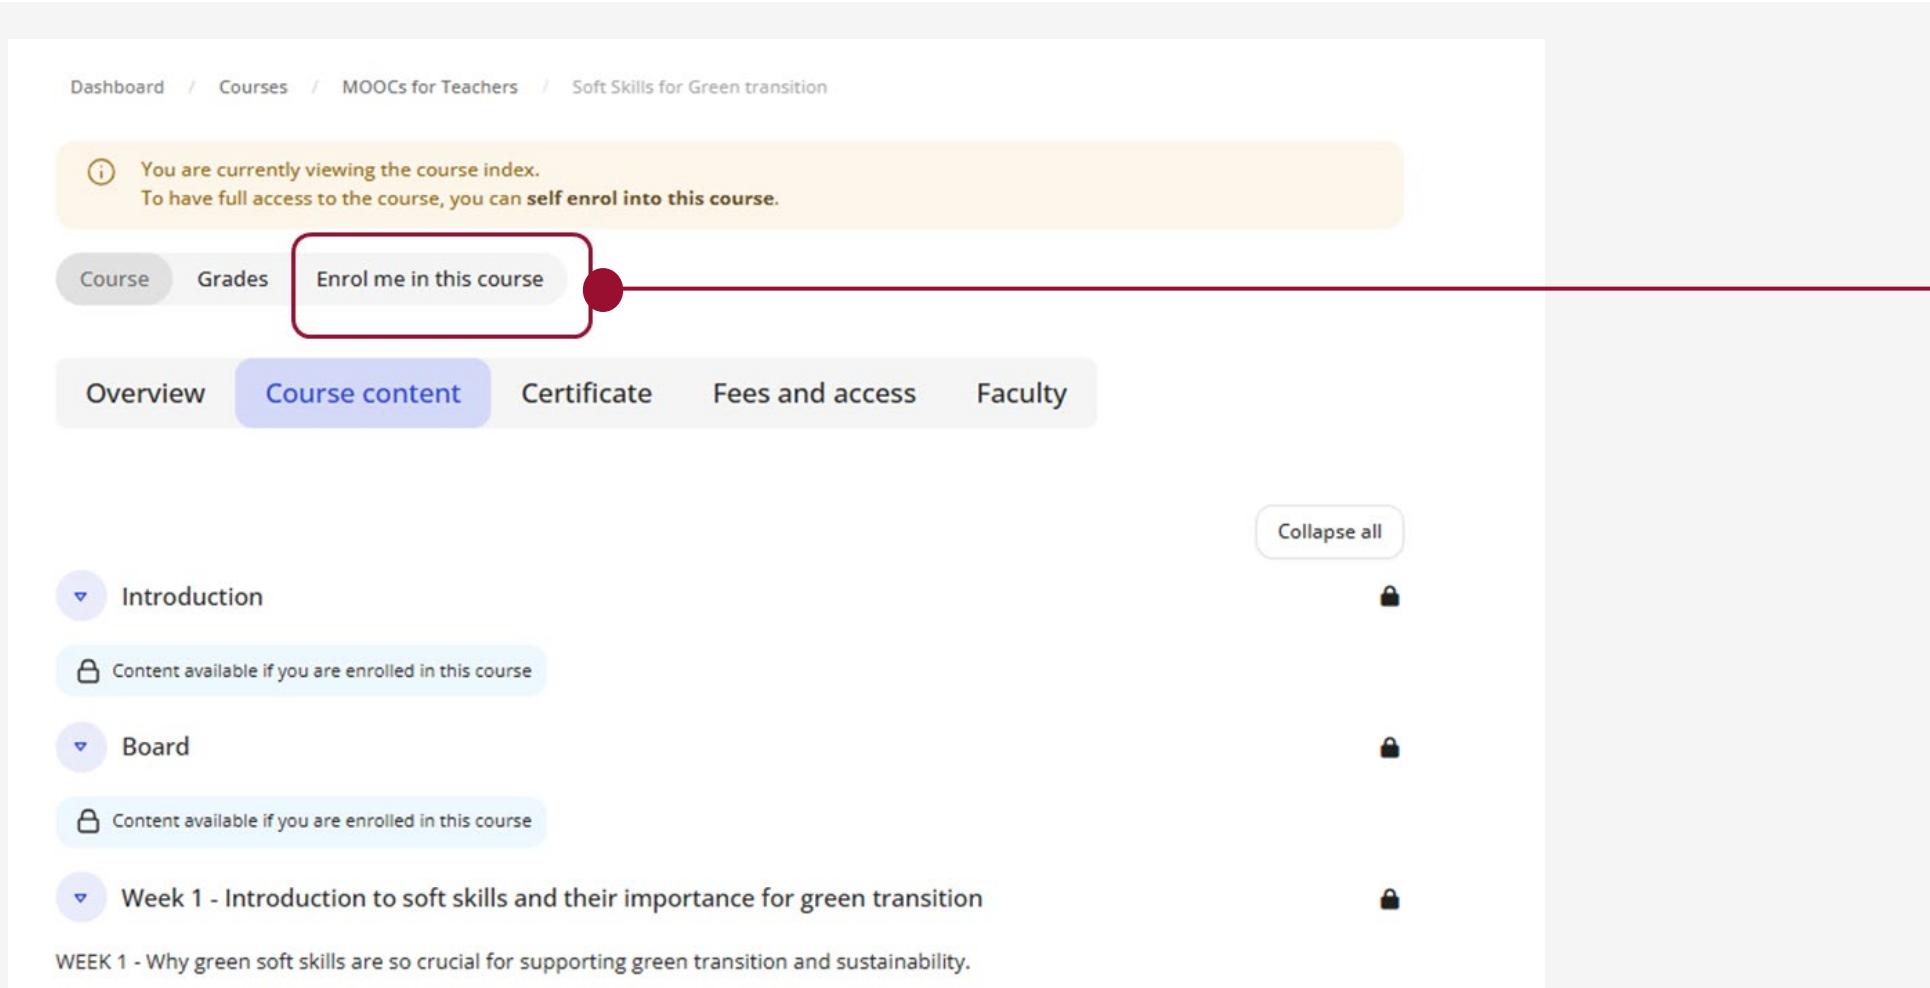

The screenshot shows the POK Dashboard. At the top, there is a navigation bar with links for Home, Dashboard (which is highlighted in blue), All courses (which is highlighted with a red box), Target, Topics, and other user-specific icons. The main title 'Dashboard' is displayed in a large blue font. Below the title, there is a 'COURSE OVERVIEW' section with a 'All' dropdown, a search bar, and a 'Sort by course name' dropdown. The main content area shows a message 'No courses' with a small icon of a folder. At the bottom, there is a footer with the POK logo, the text 'POK - Polimi Open Knowledge MOOCs portal of Politecnico di Milano', and links for Documentation, FAQ, Terms of service, and Privacy policy.

Click on All Courses to navigate all available courses and enroll
